

Special Guest from UNOOSA
(United Nations Office for Outer Space Affairs)

He will appear at a special meeting of PNST students studying at Kyutech on: **25 Jan. 2016, at 5PM.**

PROFILE (as of 25 January 2016)

Werner Balogh works with the United Nations Office for Outer Space Affairs in Vienna, Austria, where he is presently a Programme Officer for Space Science and Technology for the United Nations Programme on Space Applications. For several years he also worked for the Office's Committee, Policy and Legal Affairs Section and for the Office of the Director.

Before joining the United Nations, Werner was an International Relations Officer with the European Organisation for the Exploitation of Meteorological Satellites (EUMETSAT).

Prior to this, he worked for the Austrian Space Agency and as a delegate to the Committee on the Peaceful Uses of Outer Space and to several Programme Boards of the European Space Agency (ESA).

Werner holds a Diplom-Ingenieur and Dr.techn. degree in technical physics from the Vienna University of Technology, a MSc degree in space studies from the International Space University and a MA degree in international relations from the Fletcher School of Law and Diplomacy.

End.
