The diversity of the lectures available

11. *What did you enjoy about studying in Japan?*
I enjoyed studying Japanese, and the life on the campus, such as club activities or the university festival. I also enjoyed my experiences outside of the university (hanging out with friends, part time job, and sightseeing).

12. *You are about to graduate with what degree? - Masters, Phd, or pending.*
Master degree of Engineering

13. *What is the title of your graduation thesis?*
Simulation of Cooling Efficiency in Grinding Depending on the Nozzle Geometry and Coolant Properties

14. *Please list the conferences that you attended while at Kyutech. (name, dates, and location)*
PNST Symposium in December 2017 (Kyutech).

15. *When did your study at Kyutech start (month and year)?*
In October 2017

26 September 2019

17. *Finally, please make any general comments you have about your experience. We may use these comments in the website.*

I think it was a really rich experience, I learned a lot about space engineering, and especially satellites. I also had the opportunity to experience the life in Japan, from sightseeing to part time job and job hunting. I really think it made me grow as an individual, and would recommend this experience to anyone willing to discover new things. This experience will definitely be helpful in the future.
