

## PROFILE OF SEIC GRADUATE

(Space Engineering International Course)

## 1. Your photo

2. Your passport name -- just for the record.

Rigoberto Reyes Morales

3. The full name you wish us to use in the website.

Rigoberto Reyes Morales

4. Your email address that we can use in the website (e.g., Gmail address).

2rrmorales@comunidad.unam.mx

5. Your country, and city of residence -- for website.

Mexico City, Mexico

6. Where you received your bachelor's degree, and when.

Universidad Nacional Autónoma de México, 2010.

7. Where and when for degrees higher than the bachelor level (before coming here)

Universidad Nacional Autónoma de México, 2015.

8. If you are a PNST Fellow, where/how did you find out about PNST?

--

9. What attracted you to SEIC in the first place?

Hands-on training.

10. What are the strengths of SEIC?

Hands-on training, facilities for Nano-satellites testing, opportunities to participate in satellite project, invited lectures by distinguished speakers.

11. What did you enjoy about studying in Japan?

Take part of satellite project from mission design to operation.

Meet people with passion about space exploration.

Attend invited lectures by distinguished Japanese/overseas space engineers/academicians/scientists.

12. You are about to graduate with what degree? - Masters, Phd, or pending.

Phd.

13. What is the title of your graduation thesis?

Satellite attitude determination

14. Please list the conferences that you attended while at Kyutech. (name, dates, and location)

Asia-Pacific Satellite Communications Council Youth Development Workshop, 12 & 13 October 2017, Tokyo, Japan.

4<sup>th</sup> International Symposium on Applied Engineering and Sciences, 17<sup>th</sup> & 18<sup>th</sup> December 2016, Kitakyushu, Japan.

15. When did your study at Kyutech start (month and year)?

October, 2015.

16. On what date (day month year) do you leave Japan? (Ignore this question if your studies do not end in 2018.)
