Aerospace Engineering, Politehnica University of Bucharest (Romania),
September 2009.

7. *Where and when for degrees higher than the bachelor level (before coming here)*

Master of Science (Space Technologies), Politehnica University of
Bucharest (Romania), July 2011.

8. *If you are a PNST Fellow, where/how did you find out about PNST?*

I found out about PNST from a Japanese Professor, while I was working
and studying in Germany

9. *What attracted you to SEIC in the first place?*

I was attracted by the opportunity to continue my studies in Space
Engineering in a very developed country as Japan, one of the main leaders
in the field.

10. *What are the strengths of SEIC?*

The international platform, the opportunity to study space engineering and
work in the same time at space projects, the chance to experience studying
and working in Japan.

11. *What did you enjoy about studying in Japan?*

Working with Japanese students who are excellent team-players, enjoying
the multi-cultural atmosphere of the campus life.

12. You are about to graduate with what degree? - Masters, Phd, or pending.

Ph.D

13. What is the title of your graduation thesis?

“Study on ultra-light thermal systems for ultra-light deep space probes”

*14. Please list the conferences that you attended while at Kyutech.
(name, dates, and location)*

- The 58th Space Sciences and Technology Conference, Nagasaki, Japan, November 2014.
- The XII International Conference on Thermophysics and Heat Transfer (ICTHT 2014), London, United Kingdom, November 2014.
- International Symposium on Space Technology and Science, Kobe, Japan, July 2015.
- ISAS Symposium, December 10, 2015.
- UNISEC Space Takumi Conference, March, 2016.

15. When did your study at Kyutech start (month and year)?
